

Software Developer - full time, flexible hours

October 2022

We are seeking a Software Developer to join our in-house IT team. You will be part of a small development team working to build a new highly modular and extensible learning management system with lots of scope to learn and develop new skills. The Triple P – Positive Parenting Program is one of the world's most effective parenting programs, designed to give parents the skills they need to raise confident, healthy children and teenagers and to strengthen family relationships around the world. This role will contribute to this outcome as part of our growing business.

The Role

- Work with the senior development team to build a new learning management system
- Development of system in ASP.NET Core MVC with a Clean Architecture design
- Continuous development and improvement of the learning management system
- Maintain existing online course programmes developed in ASP.NET 3.5 Web Forms with extensive custom JavaScript.
- Assist with planning projects for the enhancement of systems
- Work on system prototypes
- Assist with testing and experiments of new systems
- Research and work with the team to explore the future developments of online learning

The Person

As a small team handling development and operations, we are looking for someone with a flexible and pragmatic approach to development, who can work with us to strike the right balance as we improve our processes and tooling. Experience with software development processes, CI/CD, performing AWS cloud deployments, using Git and Azure DevOps, and creating custom tools to support development would be beneficial.

Required Experience

- .NET Framework
- ASP.NET Core
- C#
- SQL databases
- JavaScript
- CSS

Desirable Experience

- ASP.NET Core MVC
- ASP.NET Web Forms (3.5 or 4)
- jQuery
- MSSQL
- MySQL
- Entity Framework
- PHP
- Creating unit tests (eg. XUnit)
- Learning Management Systems
- Machine learning and chatbot development

Careers at Triple P International AUSTRALIA
